

Dena Rongakos

Brand & Content Lead

Brooklyn, New York · your.email@example.com · (000) 000-0000 · linkedin.com/in/your-handle

Online-native content creator and brand voice who turns culture into attention. As sole social lead for Casa Cugine, I wrote the hooks, captions, and short-form scripts that grew the account 76.6% in six months to 106K+ followers, with roughly 89% of reach coming from non-followers. I work across brand identity, short-form video, and recurring formats that compound, and I iterate fast on tone, format, and distribution.

EXPERIENCE

Brand & Content Lead, Casa Cugine 2020 – Present

- Own the brand's voice and daily content as social lead — concept, write, shoot, edit, and publish.
- Wrote the hooks, captions, and short-form scripts that grew the account 76.6% in six months (+46K net followers to 106K+).
- Drove 19.8M views and 4.5M+ accounts reached (+82.8%), with ~89% of reach from non-followers — content built to win attention beyond the existing audience.
- Generated 1.17M+ interactions (77% from non-followers) by reading culture and reacting fast; top posts beat the account baseline by 200%+.
- Directed brand identity across every surface — website, in-store graphics, packaging, and store environment — reviving the original logo's retro checkered motif for one cohesive look.
- Partnered weekly with the founder to set direction and new initiatives, then executed autonomously — from launching content series to pre-producing a YouTube show about the brand.

Director / Creative Producer, Freelance 2021 – Present

- Write treatments, narratives, and shot lists; concept and direct music videos from idea through post-production.
- Translate an artist's POV into a recognizable visual and verbal identity across a campaign.

Production Designer, Freelance 2020 – 2024

- Built visual worlds, decks, and treatments for editorial and branded shoots alongside photographers and stylists.

Sales Coordinator, GANNI 2024 – 2025

- Translated brand storytelling into in-person experience with deep product knowledge across seasonal collections.
