Content & Social Writer · Brand Voice

Brooklyn, New York / your.email@example.com / (000) 000-0000 / linkedin.com/in/your-handle

Online-native content creator and brand voice who turns culture into attention. As sole social lead for Casa Cugine, I wrote the hooks, captions, and short-form scripts that grew the account **76.6% in six months** to **106K+ followers**, with **~89% of reach coming from non-followers**—proof of content built to win attention, not just preach to an existing audience. I live for internet humor, timing, and recurring formats that compound, and I iterate fast on tone, format, and distribution.
